

MA-600

Versatile, compact & stylish

The versatile, compact and stylish MA-600 from TOSHIBA TEC combines the features and functionality of a high range Electronic Cash Register designed for small-scale general retail and hospitality environments. With its interactive LCD display and easy to use 'drop in' clam shell thermal receipt and journal printers, the MA-600 is the flexible low cost choice for any business.

MA-600

Specifications

Model	MA-600
Display	192 x 64 dot LCD
	7-segment 10 digit LED / 7-segment 7 digit LED
Printer	2 station thermal
	Paper: 58 mm / Speed: 14 lines/s
Keyboard	Membrane
	Normal: 66 keys (max.); Flat: 106 keys
Drawer	Metal
Options	USB, RS-232C, programming keyboard, additional drawer
Size	410 (W) x 442 (D) x 291 (H) mm (height = 359 mm when customer display is in the raised position)

PC Interface

Although the MA-600 is a standalone machine it has the capability to communicate with a PC (via the optional USB port) so that it can be integrated into an existing back-office. As a stand-alone cash register the option of a programming keyboard facilitates programming tasks – creating products; price changes; tailoring receipts etc.

Additional Features

- Flash Memory – enables easy upgrade of software version – essential for future-proofing.
- Optional second drawer – ideal for multiple currencies.
- Slip printer – for cheque printing.

The MA-600 is part of the legendary range of TOSHIBA TEC Electronic Cash Registers, renowned for quality, reliability and low cost of ownership. With an ergonomic design, in cool black and available with either flat or raised keyboard, the MA-600 is flexible enough for the widest variety of retail or hospitality environments.

Displays

The MA-600 boasts three displays, two LED displays (one colour) and an interactive LCD display. The 192 x 64 dot backlit LCD display is designed for clarity and ease of programming, interactive help screens assist in guiding the user through set-up procedures.

Thermal Printing

High-speed thermal printing is achieved via the 2 station receipt and journal clam-shell printers. With easy to use, drop and load functionality these printers minimise down-time whilst at the same time improving customer throughput. In addition thermal printing ensures quieter operation, flexible receipt options (logos, text, size), enhanced reliability and lower cost of ownership - no requirement for costly ribbons.
